Executive Order 01-16 – Appointing a Police Officer

We have a candidate for our 12th Police Officer opening and have made him a conditional offer of employment. His name is Robert Griffin and is currently employed at the Kenton County Detention Center and he has accepted the offer. He is in the process of taking all tests and checks. If he passes and is hired, his starting date will be March 20, 2016. He will attend the Police Academy at the next opening date. Motion by Mr. Abeln, second by Mr. Wessels to approve. Roll call vote taken, Abeln, Wessels, Hoerlein, Wall, Averdick and Feinauer voting in favor, no one opposed. Motion passed.

SD 1 – Temporary Sewer Line

There was a previous landslide in the Nature Center that has disrupted some sewer line. Mr. Wall questioned the effects of this and Mayor Hatter stated that SD 1 has made a permanent temporary fix for the last 10 years. Roger Schroder who owns the property has contacted SD 1 every few years about this situation, but nothing has been done. Mr. Wall stated that someone told him that SD 1 has turned down a low interest loan from the State to repair these pipes. Mr. Wall is concerned that if the pipes would break, raw sewage would be flowing through the City. Mr. Maloney stated that the pipe is a heavy gage welded plastic pipe and SD 1 does monitor the situation. Any other information received will update Council. The cost to fix the hillside is about \$1,000,000.00. Mayor Hatter stated that he would try to get representatives from SD-1 and Kentucky Highway Department to come to a meeting to let us know what if anything is going on in that area.

New Radio System for the Kenton County Communications Center

Mayor Hatter advised that we received a memo stating that by sometime in 2018 we will need to replace all of our radios for our emergency personnel that will have enhanced capabilities. This cost will be about \$185,000.00. Chief Kreinest advised that what they want to use is a 1-800 trunk system that will provide multiple channels and the ability to talk to a lot more of the city departments. It will be compatible with Hamilton County for communication capability. This is a more powerful radio with a larger antenna. There is a lower number of frequencies needed and can be programed to multiple departments inside and outside the City. We will need to allocate excess money in the Police and Fire Department future budgets to cover this expense. We will research where the funds may be available when we need them.

Resolution 26-16 – HB531 – Carrying a Concealed Weapons without a License in Certain Conditions and Require Notices to be Posted Where Carrying a Concealed Weapon is Permitted.

Mr. McMurtry read this Resolution. Motion by Mr. Feinauer, second by Mr. Wessels to approve. Roll call vote taken, Feinauer, Wessels, Wall, Hoerlein, Abeln and Averdick voting in favor, no one opposed. Motion passed.

Municipal Order – 01-16 – Adding a Police Officer Position

Mayor Hatter advised that it has been quite a while since we established a 12th Police Officer position in the City. The Mayor stated that he has spoken to all the officers and everyone agrees that Fort Wright is a very busy department. With interstates and major roads to patrol besides all of our vacation checks and everyday occurrences, the officers feel overworked with stacked calls as an everyday situation. There are concerns for safety and at times only one officer on duty. We do have coverage when needed from surrounding departments, but sometimes they are busy also and are not available. Changes were made for responses to Wal-Mart for shoplifters, to free up time for our officers to respond to other calls. Data was put together and looked at all activity of every police department in surrounding cities. Chief Kreinest stated that he thinks it is time that we move forward and have more officers available for the protection of our residents. Discussion followed. Mr. McMurtry read this Municipal Order in summary.

Motion by Mr. Averdick, second by Mr. Feinauer to approve. Roll call vote taken, Averdick, Feinauer Wall, Hoerlein and Abeln voting in favor, Wessels voting no. Motion passed.
