ANNUAL REPORT

2024

OUR MISSION STATEMENT

IT IS THE MISSION OF THE FORT
WRIGHT FIRE DEPARTMENT TO
PROVIDE HIGH QUALITY FIRE,
RESCUE, HAZARDOUS MATERIALS,
AND EMERGENCY MEDICAL
SERVICES FOR THE DESIGNATED
RESPONSE AREAS.

MESSAGE FROM FIRE CHIEF STEPHEN SCHEWE

The City of Fort Wright Fire/EMS Department recognizes that building safe and healthy communities requires dedication, commitment, and most importantly, trust. At Fort Wright Fire, we are focused on building strong relationships and partnerships in the communities we serve. This ensures that we exceed your expectations for the most effective and sustainable public safety services, and that those services are delivered with absolute professionalism and compassion.

The women and men of the Fort Wright Fire Department are honored and privileged to serve and care for the people who live, work, and play in our communities and beyond. The common goals and values Fort Wright Fire members share are the foundation for building up the communities around us: Integrity, Inclusion, Innovation, and Service. We strive to represent these beliefs in all we do every day as a leader in the community and fire service. Our dedication to embracing the diversity of our communities and our residents is the essence of our commitment to trust, sustainability, and resilience. We seek continuous improvement in all aspects of the organization, allowing us to continually grow and exceed your expectations. The satisfaction and trust of our communities, our employees, and our mutual aid partners is the measurement of our success. In 2024, we continued to face significant challenges as the lack of new and interested Fire/EMS service providers threatened our ability to maintain services. The City of Fort Wright faced these challenges with the ability to compensate our staff with a competitive wage and secure a dedicated group of individuals who remain within our organization for the long range.

In addition to these unprecedented challenges, we remain dedicated to our strategic goals and objectives to continue to build trust, sustain services, and meet your needs. The future is bright and exciting for Fort Wright Fire! We know we will continue to face challenges of all types, including the residual ongoing pandemic problems, but we are committed to our mission of providing effective, sustainable and affordable services that meet the needs of our ever-changing communities. We know the future will provide countless opportunities to better support our community members and continue to build trust, and we will continue to work toward establishing Fort Wright as a hub for community health and wellness. We are humbled to serve and will continue to take care of people with professionalism and compassion.

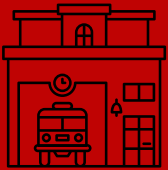

RESPECTFULLY YOURS, STEPHEN SCHEWE
